

Life Saving Victoria Protocol

IRB Registrations

Maintain a register of boats, motors and associated equipment, for the conduct of lifesaving activities by Life Saving Victoria and its affiliated lifesaving clubs.

This register will be kept current by information gathered during annual Gear Inspections and will include all equipment that has been purchased under the Marine Safety Victoria grants.

The data compiled will be made available to Marine Safety Victoria and Vicpol.

Each registered rescue vessel will be assigned a registration number using the format outlined below.

The above actions will match in with current situations and requirements and allow the intent of Section 10 of the Marine Act to be maintained.

Numbering Format

All rescue vessels will use the following numbering format, using the relevant club abbreviation (see Attachment 1).

3-LETTER CLUB PREFIX (*150 mm space*) IRB No. STATE

ANG 01V

This registration is to be placed in a prominent position forward of the front lifting handles on each side of the bow. The lettering is to be 150 mm (6") with a 25mm (1 ") gap between the 3-letter Club prefix and the vessel number & state identifier as illustrated. This registration is to be sign written [painted] on the craft with the appropriate paint recommended by the craft manufacturer and must be white in colour.

Suppliers Notification

Registration must be affixed to craft at time of purchase and must be included in any club order. All suppliers of craft to be supplied a copy of this protocol for IRB registration
