Enrol in course

Life Saving Victoria is responding to requests from members of lifesaving clubs by piloting a Fast Track Pool Lifeguard Course.

This course will be held over 16 hours, rather than the regular 22 and will cost only \$185 compared to the usual \$220.

These time and money savings can occur due to the training that beach lifesavers and lifeguards have already received.

A Pool Lifeguard Course normally requires candidates to be 16 years or older and hold a current Senior First Aid. The Fast Track Pool Lifeguard has additional pre-requisites of a current (beach) Bronze Medallion and Advanced Resuscitation Certificate.

Candidates who successfully complete this course will be issued with a Pool Lifeguard Award, enabling them to be employed as a Pool Lifeguard at pools and aquatic centres.

The first pilot course will be held on 14 and 15 March at Monash Aquatic Centre.

For further details or to enrol in this course candidates should call 9676 6901.
