

Circular 075:07:07

To: Club Presidents
Treasurers
Secretaries

Cc:

From: Meg Sparshott, Manager – Club Administration & Development

Date: 12 July 2007

Subject: Distribution of Surplus Electric Hand Driers

Action: Expressions of Interest to be received at LSV by Friday 27 July 2007

Following the removal of nine (9) electric hand driers from the LSV State Centre at Port Melbourne, these units are now being offered free to interested lifesaving clubs. LSV replaced these units with paper towel dispensers due to noise factors within the building.

We therefore seek expressions of interest from clubs for the allocation of two (2) units per successful club. In the event that expressions of interest are received for more than the available nine (9) units then a ballot will be conducted. Four clubs will receive two (2) units and one (1) club will receive an allocation of one (1) unit only.

Interested clubs should email their expressions of interest for the hand driers to meg.sparshott@lifesavingvictoria.com.au by 5.00 pm Friday 27 July and the successful clubs will be notified. The units must be collected from LSV State Centre, 200 The Boulevard, Port Melbourne by 5.00 pm Friday 10 August, failure to comply with this collection date will impact on a club's prospect of being allocated the driers.
