---

The Age Managers Accreditation is compulsory for all club members delivering junior lifesaving programs in 2007-2008. The Age Managers Course ensures that age managers are aware of their obligations towards junior lifesavers and also provides age managers with the skills to assist our nippers in their growth towards being future lifesavers.

We are seeking interested people to attend an Age Manager Facilitators Course. This course enables participants to deliver the Age Managers Course at a district or club level. We would like at least two attendees from each district so the Age Managers Course is accessible to all clubs.

### Course Requirements

To attend the course you must be:

- A minimum of 19 years old
- Have previously completed an Age Managers Course
- Be willing to teach the Age Managers Course within your district/club

For participants who have not already completed the Age Managers Course, you will be required to complete the Age Managers Workbook prior to attending the course.

### Cost

There will be no cost for attending the course.

## Course Dates

Three options are available for the Age Managers Facilitators course. Please advise your preference upon registration, either:
