

Circular 106:08:07

To: Club Secretaries
Club Powercraft Officers
Club Captains
AMSAR Groups

cc District Officers
LSV Powercraft Officer
Regional Officers

From: Greg Scott, Support Officer – Lifesaving Services

Date: 31 August 2007

Subject: Boating Safety and Facilities Program Grants

Action: Applications to LSV close at 5.00 pm Monday 24 September 2007

Clubs are advised that applications are open for the Boating Safety and Facilities Grants Program through Marine Safety Victoria. This year the grants are divided into six (5) areas:

- Education and Training
- Search and Rescue (SAR) Vessels and Equipment
- Navigational Aids and Signage
- Boating Facilities & Community Harbours
- Marine Communications

Club applications are processed through Life Saving Victoria.

Clubs need to have their duly completed application form returned to LSV HQ by 5.00 pm Monday 24 September 2007 marked for the attention of: Greg Scott, Support Officer Lifesaving Services.

It is most essential that applications are entirely complete. Partially completed applications or those missing required documentation will not be considered by Marine Safety Victoria. Clubs are reminded that this is a boating safety grant, and as such applications will need to demonstrate a contribution to boating safety within Victoria (as opposed to swimmer safety).

To be successful in the grants process clubs need to show they meet the Marine Safety Victoria criteria applicable to the area of the grants applied for.

Full details of criteria, program information and application forms should be downloaded from <http://www.marinesafety.vic.gov.au>. An application pack has been enclosed with this weeks club mail out.
