Circular 128:09:07

To: **Club Secretaries** **Club Presidents**
Club Members

Cc:

From: **Libby Collins**
Life Saving Victoria

Date: **27 September 2007**

Subject: **Assistance with Public Swimming Pool Inflatables Study**

Action: **Register your interest ASAP**

Research and Aquatic Risk Services are conducting a study on the safe use of inflatables in pools, and are in need of help.

We are looking for willing participants to assist us with Part B of the Study – a trial of the maximum depth individuals can reach when exiting the inflatable.

The trial involves video analysis of each participant as they exit an inflatable to assess the depth reached. Each participant with have five turns, exiting the inflatable in five different way (i.e. diving, falling, jumping etc.), so you will need to be prepared to get wet.

We need about 40 participants, so please encourage any volunteers or friends who may be interested to come along.

The details are as follows:

Date: Thursday 11 October
Location: Melbourne Sports and Aquatic Centre
Time: The venue has been booked between 9am and 2pm. We are looking to schedule people across the day, with the each participant only take half an hour. We are more than happy to work around work schedules etc.

Please contact Libby Collins at Life Saving Victoria on (03) 9676 6956 to ask any questions and schedule a time that would suit to take part in the study.
